

SHARON
PERSONAL CARE

Preservation

Connecting for innovation

Sharon Personal Care

is a global supplier of ingredient solutions for a broad range of personal care products – including advanced preservative systems, formulation building blocks, functional ingredients and Bio-actives.

Deep Scientific Knowledge

Our R&D team of specialists are always thinking ahead, searching for the most effective solutions, surprising the cosmetics industry with exciting product lines, based on our deep scientific knowledge and our ability to foresee future trends and industry needs.

We Think Different About Preservation

In a world of cosmetic products containing water and challenging compounds, we choose to think differently! We consider the cosmetic chemists' needs, worldwide trends, complex ingredients from natural resources and industry regulations. Bringing cutting edge solutions to a world that is moving towards a greener way of living without compromising on the safety and the quality of your cosmetic products.

No more "Rinse of" and "Leave On"

We take a deep dive into each cosmetic category with a clear scientific understanding that there is no one solution for all products categories. From sunscreen to wet-wipes: we understand the mechanism of each category and provide safe and proven scientific solutions.

NATURAL-LIKE & NATURAL PRESERVATION

Bringing the best from nature with the safety, quality and consistency of a lab. Offering 'free-from', natural and natural-like components.

Form:
Powder

Applications:
Skin care | Baby care | Wet wipes | Hair care | Oral care
Body care | Face care | Color cosmetics | Sun care

Rec. use level (%):
0.5-1.0

pH range:
3-9 | up to 5.5*

SharoSense™ Plus

Natural and Natural-like patented preservative solution with advanced efficacy and solubility, based on Maltol.

SharoSENSE™ Plus 181

Maltol, Polyquaternium-80

SharoSENSE™ Plus 184

Maltol, Didecyldimonium Chloride

SharoSENSE™ Plus 181-N

Natural Maltol, Polyquaternium-80

Natural Index
ISO16128

SharoSENSE™ Plus 785*

Natural Maltol, Sorbic Acid,
Sodium Benzoate

SharoSENSE™ Plus 183

Maltol, Polyquaternium-80,
Didecyldimonium Chloride

Form:
Powder

Applications:
Wet wipes

Rec. use level (%):
0.7-1.0

pH range:
up to 5.5

SharoWipes™

Smart preservation designated for wet wipes, Broad spectrum preservation.

SharoWIPES™ 630

Maltol, Zinc Acetate, Sodium Benzoate

SharoWIPES™ 632

Zinc Acetate, Sodium Benzoate

SharoWIPES™ 631

Maltol, Sorbic Acid, Sodium Benzoate

NATURAL PRESERVATION

Alternative preservative solutions, for green formulations. Made with natural organic citrus extracts, in cooperation with Biosecur® company. Ideal for Ecocert and clean label products, water soluble, heat stable and with wide pH range. This line provides broad spectrum efficacy and recommended level of use of less than 1%.

Form:
Liquid

Applications:
Skin care | Baby care | Wet wipes | Hair care | Oral care**
Body care | Face care | Color cosmetics | Sun care

Rec. use level (%):
Biosecur - 0.2 to 1
Biomix System - 0.6 to 1.2

pH range:
3-9
