ROELMI HPC is now the global expert for actives and functionals in Health & Personal Care.

But its roots date back to 1946 in the Mediterranean area, where the company still finds concepts and innovation-driven technologies, in full respect of nature and people.

Our program NO IMPACT IN PROGRESS® (NIP) applies to all products and technologies, and it stands as a mission for every process focusing on Quality, People safety and Environment preservation.

We believe that only the daily action in respect to Environment could lead to a durable result.

Practicing Sustainability in every day life
