HAIR CARE  
INGREDIENTS

**Esperis**  
S.P.A.

# HAIR CARE INGREDIENTS

## **AMMONIUM THIOGLYCOLATE**

Used in hair coloring products, permanent wave products, hair straightening products and depilatory products. It modifies hair fibers to facilitate changes to the structure of the hair.

## **BENZOPHENONE**

Stabilising agent. Protects hair from UV rays.

## **D - PANTHENOL**

Additive which helps strengthen hair, retain moisture, and improves the texture of damaged hair. It also protects hair from styling and environmental damage by locking in moisture.

## **ESPERIGEL T**

Recommended for cosmetic preparations such as hair polish and hair dyes.

## **KERATIN**

Keratin is used to smooth and moisturize the cuticle of damaged hair. It fills cracks and eliminates frizz related to drying.

## **MENTHOL**

Refreshes and soothes the scalp. It's antiseptic, it normalizes the production of sebum and helps with hair growth.

## **PIROCTONE OLAMINE**

Preservative mainly used for its antifungal functions in anti-dandruff shampoos.

## **OCTYLDODECANOL**

A fatty alcohol used for its solvent and emollient properties in cosmetics. It moisturizes the skin and hair, stabilizes lotions and creams.

## **SHAMPOO MATTYFIER**

Mattyfiers give more consistency and viscosity to products that contain tensio active formulations.

## **VITAMIN A**

Moisturizes and promotes hair growth .

## **VITAMIN E**

Helps support a healthy scalp and hair as it has natural antioxidant effects that assist with maintaining hair growth.

# OUR SPECIALITIES

## **CYSTOVIT COMPLEX**

Primary base for hair lotions. Treats dandruff and minimizes the production of sebum.

## **VEGETAMIN**

Used in the making of alcoholic hair lotions.

## **PANTOVIT COMPLEX**

Blend of vegetable extracts and B group vitamins. The nettle contained in the blend stimulates the scalp and helps hair grow stronger.
